

~ How to Support SathSath ~

1. Sponsor a child

By choosing to sponsor a child through SathSath you are providing a child with care, safety and an education. You are giving this child a future.

Everyday, SathSath comes into contact with children who come from extremely poor backgrounds. Some of these children have no home, little family contact and hardly a place to turn to when the going gets tough. At a critical crossroad in their development, it is now that these children need help, in a few years it might well be too late.

In essence, you are taking a child under your wing - you are opening up possibilities in his or her life and showing this child a way out of the desperate existence that is life on the streets.

2. Make A general Donation

SathSath operates primarily through the support of International Non-Governmental Organizations and private donors. The Nepal Government does not provide financial aid within the street children sector.

A donation of any amount can be a great way to support SathSath's work. Your contribution will be used to support the overall development of SathSath's educational, health, advocacy and social programmes.

3. Sponsor A Specific Programme

Sponsorship of a specific programme is a valuable way to contribute towards the growth of SathSath, therefore increasing our capacity to support street children in Nepal. Should this be a path you would like to follow, we will gladly provide you with comprehensive information on each of SathSath's programmes to help you make an informed decision.

~ Payment Methods ~
